

# KINGSWOOD RESIDENTIAL VISIT

## MONDAY 12 JUNE 2017

You will be pleased to know that they had a good journey down, Heather M. and Ayla S. had a little panic as they thought they needed their passports to get on the ferry! The ferry crossing was a bit windy - they were all watching the boats and yachts sailing passed the ferry. They arrived at around 2.30pm and sorted their rooms.

It was a very exciting night, they didn't get much sleep. The boys woke up at 4.30am and were told to please go back to sleep!

At 6.00am Drew M. and Owen M. were knocking on Mr Allen's door worried if their sun-cream was an aerosol - Noooooooooo!

The weather today is blue skies and sunshine.

Their meal times are as follows:	Breakfast	8.35am
	Lunch	1.35pm
	Dinner	6.35pm

Mr Tatton says they are all eating well, good job it's an activity holiday!

This morning's activities were the Balance Beam, Orienteering, Nightline and Laser Quest.

Balance Beam: Alex W. was the first to reach the top, followed by George B. Ettie Q. was very nervous but she got to the top - Well done Ettie.

Leighton L. was praised for his Orienteering skills.

This year's Laser Quest is in the forest and Thomas L. was very sneaky and hid behind trees so he could ambush his friends. Richard H. was very good at this activity too.

Nightline: Dumisa K. was praised for his leading skills, guiding his team mates around the course blindfolded. They all got a good hosing down after this activity - teachers getting their own back for the early morning wake up, hahaha!
